# **MERRY CHRISTMAS EAA CHAPTER 974!**

*Every year we seem to outdo ourselves. We've become experts at celebrating Christmas after Christmas! How great it is to have something to look forward to after the Holiday let down. We had a terrific turnout, but we missed a few due to illness. Just know that you were missed. What a great evening! I'll let the pictures speak for themselves! Merry Christmas and Happy New Year EAA Chapter 974*

# WHITE ELEPHANTS GALORE—FUN AND THIEVERY!

*EAA Chapter 974 gets better looking every year! Don't you agree? What a great party and what a great community! We have been blessed with great volunteer spirit, energy and leadership. The fellowship and camaraderie we share is the real blessing! Let us continue to nurture it and never take it for granted. Even more important, let us not forget our families that support us and encourage us to savor the gift of flight. May we serve as a good example to those who see us and those who desire to build and fly!*

*Merry Christmas and Happy New Year!*
